MONEY - IT'S A FAMILY AFFAIR

Money and our children

Our Attitudes to Money	Our Children's Attitudes
We know the value of money	They don't value money
We used to be paid in cash	Now money seems 'invisible'
We used to buy most things with cash	They see EFTPOS and credit cards
We want to save	They just want to spend
We know our limit	They keep asking for more
We try to buy smart and shop around	They only want 'name' brands
